

BOSTON WILL PROFIT

FROM LINER MAJESTIC

LONDON, May 26.—Boston will undoubtedly profit through the putting into service of the White Star liner Majestic, the world's largest ship. The Majestic can only be dry-

docked at Boston and Hamburg, these two being the only ports having dry docks sufficiently big enough to receive this huge ship. It is proposed to build a dry dock at Southampton to receive the Majestic, but until this is done it is probable that all repair work on this huge ship will be done at Boston.

PRESS CLUB LEGION MEN GIVE FAREWELL TO HAWKS

The American Legion Post of the National Press Club gave a farewell dinner at the club last night to Lieutenant Commander Wells Hawks, United States naval reserve, who is being relieved as information officer of the navy with headquarters at the Navy Department.

Capt. George K. Shuler, U. S. M. C., commander, presided.
Gen. James A. Drain, past commander of the District, and W. B. Miller, the present district commander, were present.

Commander Hawks was presented with a handsome cigar suitably inscribed. He is returning to New York, where before going into the service five years ago he was prominent in amusement publicity work.

Business Reviving.

That business in the United States is recovering from its period of depression is reflected in reports to the Association of Railway Executives showing that on May 15 there were 512,196 freight cars idle because of business conditions as compared with 521,746 the previous week, a decrease of 9,550 cars.

That means that Lansburgh & Brother make their plans with best manufacturers, to copy the imported fashions and put their best designers to work on Made-in-America modes. There are Normandies, dotted swisses and combination materials, too. You never saw such a host of trimming effects!

Frills in all arrangements. Color contrasts with plenty white organdie, setting off the gingham inserts and appliques, vestees, collars and cuffs, hand-stitching in yarn of varied coloring, sashes, pockets and panels. We might go on indefinitely and still not cover the ground, for there are almost as many styles as frocks, and that means hundreds.

Colors vie with nature in her wildest riots of hues! Like the flowers of the field, there is harmony in the myriad tints woven in the fabrics.

Gingham checks in two and three tones, bright and gay or more somber, with an abundance of the stately black-and-white that suits youth and maturity. Value stands out in bold prominence, so no matter which frock you purchase for holiday and summer wear, it is worth more than our selling price—that was part of our plan.
